LOW SPIN Washer Extractor: B Series

HARD -MOUNTED machine type, NEED anchoring to the floor

Reliable, robust and affordable

This range of washer extractors is specially designed and conceived for those markets and customers who look for a simple washer:

Hard-mounted, with G Factor of 100, these models stand out for their **energetic efficiency and low degree of detergents and water consumption.**

It combines top-class features with a higher than-average performance, always geared to achieving greater energy efficiency during the wash, spin and dry processes.

This range of hard mounted machines – which require floor fixing – includes **11, 14,18,25,35** and **60 kg** capacity models.

- A stainless steel body, more durable and hard-wearing than painted plate, and high quality components.
- Square structural pipe framework, highly resistant, prolonging the product's lifetime.
- Easier repairs, with alarms, statistics control, Memory, repair kits and a drum that can be removed via the front of the appliance, reducing the minimum space and time required.
- New detergent compartment with non-return system.
- Easy connection for automatic product dispensing.
- Automatic unbalance detection system enabling gentler movement and prolonging the components' lifetime.
- G factor of 100 on all models.
- Standard frequency inverter.

On demande in the new range of washer extractors AQUASTAR **MAQ2** Series, there is a possibilities to install until 8 automatic dosing pump.
All the signal are easily controlled and modified through the Touch Screen Computer.

TOUCH SCREEN COMPUTER: TSC

As a new feature in all ranges, we are presenting the TOUCH SCREEN COMPUTER, as well normal spin, fast spin and high spin washer extractor, which makes AQUASTAR range of washer, one of the widest in the market.

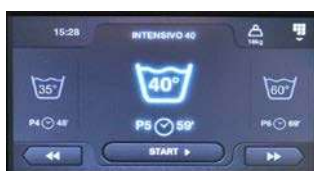

TOUCH SCREEN

- Touch Screen of 4.3"
- Programmer: 33 available languages.
- USB port for washer's software updates and other application
- Touch Screen Computer for OPL washer and coin washer

PROGRAMMING

- User-friendly and intuitive programming.
- 26 pre-set program.
- Possibility of programming, exporting and importing new programs (USB port)
- Coin mode: a price can be assigned to each program

FLEXIBILITY

- 8 signals for automatic liquid dosing, programmable in time and delay
- Delayed start, Timer (real time date)
- 3 standard water intakes
- Configuration of washing and spinning speed
- Complete regulation of water levels
- Adjustable washing temperature from 20°C a 90°C
- Standard **WET CLEANING** System
- Main screen display and washing process, screen can be modified. with parameters and images suiting each client.
- **LOADING AID** feature with water and rotation control for easy loading of the linen

ENERGY EFFICIENCY

- 4 Economic programs
- REST mode, with automatic switch off.
- Water recovery system, with double drain option. Water savings up to 70%.
- **OPTION:** Automatic weighing system, up to 30% savings. (automatic adjustment of water and soap consumption, as well as energy savings, according to the load which is automatically measured by the washer)
- Optimal consumption standard. Manual indication of the load

LOW SPIN Washer Extractor model: **MAQ2 B 11 TC**

DRUM

Load Capacity	Kg	10÷11
Drum Volume	Lt	100
Basket diameter	∅	620
Depth basket	mm	330
Washing Speed	rpm	53
Extraction Speed	rpm	538
"G" Factor		100
Noise Level	Db	60

LOADING DOOR

Height Center door	mm	570
Door diameter	∅	373

POWER

Motor power	Kw	0,75
Electric Heating	Kw	6
Total Power for ELECTRIC Version	Kw	6,25
Total Power for STEAM Version	Kw	0,75
Total Power for HOT WATER Version	Kw	0,75

CONNECTIONS

Drain water	∅	3"
Water inlet	∅	3/4"
Water Pressure	Bar	2 ÷ 4
Steam Inlet (only for STEAM Version)	∅	3/4"

MACHINE DIMENSIONS

Front Width	mm	719
Depth	mm	665
Height	mm	1158
NET Weight	Kg	217

MACHINE DIMENSIONS with PACKING

Front Width	mm	800
Depth	mm	990
Height	mm	1350
GROSS Weight	Kg	225
Volume	mt3	1,07

- Load Capacity: **10 ÷ 11 Kg.**
- Type of Heating: **ELECTRIC and HOT WATER**
- Voltage: **V. 400 / 3 Ph / 50 Hz.**
- Extraction Speed: **538 Rpm**
- **G Factor = 100**
- Microprocessor Touch Screen: **TSC** Type
- Possibility of programming, export and import program through **USB** memory without limits.
- WET CLEANING System
- **26 Preset Programs**
- **33 available languages**
- 8 signals for automatic liquid dosing, programmable in time and delay
- Safety switch for door opening
- **These machines have electronic control of imbalance with Electronic frequency variator, that detects the load uncentered before spinning**
- Wash and Spin speeds are configurable.
- Alarm display
- Very low water consumption
- Detergent dispenser with 4 compartments (pre-wash, wash bleachers and softeners)
- Water levels completely modifiable
- **3 Water inlets** (Hot water, Cold water, Soft water)
- Vat, body, drum in stainless Steel **AISI 304**
- **NEED FIXING TO THE FLOOR**
